Serbian - Fluent

Work Experience

11.2025 - 06.2026 | Ministry of Health of North Macedonia
Lead Full Stack Developer

- Led a team to build an AI-powered chatbot, managing tasks and integrating LLM responses with structured and unstructured data via Python RAG pipelines.
- Developed a responsive frontend with React and Next.js, ensuring fast performance, smooth UX, and cross-device compatibility.

05.2025 - 08.2025 | Gemak Trade
Freelance Web Developer

- Delivered 3 web applications using React, Next.js, TypeScript, HTML5, CSS, and Tailwind, implementing frontend functionality and responsive design.
- Applied performance optimization techniques and modern UI practices to improve user experience.

11.2024 - 02.2025 | Johnson Matthy
Microsoft Power Platform Developer

- Built custom applications, automated workflows, and interactive dashboards for simulated business use cases using Power Platform.
- Developed responsive UI components and optimized application performance for better user interaction.

06.2024 - 10.2024 | Skillboost
FullStack Developer Internship

- Developed full-stack modules using Vue.js and Laravel, including backend APIs and frontend interfaces.
- Collaborated in Agile sprints to implement new features and ensure seamless UX across applications.
